

Intelligent Unmanned Surface Vessel (7.3 meters)

Model No.				
Mission	Attack Enemy's Warship and Onshore Facilities			
Technical Specification and Performance	Overall Length	~7.3m	Max Speed	≤40kn
	Molded Depth	~1.035m	Cruisin Speed	24kn
	Molded Width	~2.45m	Endurance	≤200n-mile
	Draft	~0.35m	Vessel Weight	Light: 1.61t
	Full load Displacement	~3.29t	Vessel Type	High-speed Planing Craft
	Seakeeping	Weapon works at Level 3 sea state	Material	Glass Fiber Reinforced Polymer
Operation Mode		Manned / Unmanned		
Unmanned Intelligent Navigation		Unmanned remote control, Route Planning, Autonomous navigation, obstacle avoidance and return, out-of-control protection		
Devices	Engine	1 set 250HP outboard engine		
	Navigation	GPS/BEIDOU		
	Communication	Optional: VHF radio telephone, LTE broadband/Wifi/satellite comm.
